1907 CONTRACT PRICE LIST OF VINE  
SEEDS AND SEED CORN

## Twentieth Anniversary

---

After completing nineteen years of successful seed growing, we enter upon the twentieth year with every prospect of being able to serve our customers better than ever before. We own a large acreage of the most desirable seed land in the valley, and control by rental about twice as much more. Our corps of growers is the best we can obtain; our equipment of planting stocks represents years of labor and there is no better cleaning machinery made than we possess. We therefore solicit your business, fully believing we are well equipped and capable of handling it.

An acreage will be planted of each variety to produce, under ordinary conditions, the various amounts required to fill all contract orders and in no instance will any carry-over stock be used to apply on contract orders, unless it may be mutually agreeable to our customers and ourselves. In case of shortages a sufficient reservation will be made for planting stock; all orders will then be filled by an equal pro rata division of the entire remaining crop, delivered to us by our various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices if planting stocks are furnished.

The telegraph code used is the same as adopted by the American Seed Trade Association.

Orders for 25 pounds of a single variety of vine seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add two cents per pound.

**TERMS:**— Field corn, cash on receipt and examination: Sweet corn and vine seed, sixty days acceptance, or if discounted, 1 per cent in thirty days from date of shipment. All prices are based on delivery f. o. b., Waterloo, Neb.

**THE J. C. ROBINSON SEED CO.**

M

The present freight rate from Waterloo to your city is Corn, C. L.,

L. C. L. ,

Garden Seeds, C. L. L. C. L.

Handpicking Sweet corn on the ear in cold corn cribs and barns is a thing of the past; the picking all being done now in regular picking rooms. Some of our customers want deliveries of their corns earlier than the whole crop can be handpicked, and where such customers have picking facilities of their own we can arrange for earlier shipment by offering in unpicked condition for either a part or the whole order. The contract difference in price on Sweet corns will be 20c per measured bushel, and on the Adams corns 15c per 56 pounds.

<b>FIELD CORN</b>			
		(PRICES ON FIELD CORN ARE NET)	PER 56 LBS.
		The quotations below are for our Commercial Grade of seed corn, except where noted. This corn is very carefully handled, being assorted by our own men at the sheller, and is all double screened and butted. We are willing to arrange for higher grades of corn on which we do more hand work, but of course at increased prices. Will be glad to make special prices for these grades.

<i>If you want handpicked grades of the above please specify it on the order.</i>			
We will handpick any of the above corns at an additional expense of 10c per bushel.			
From our warehouse we turn out three grades of corn: "Commercial" on which above prices are based; "Choice" at 10c per bushel advance over above price; "Gilt Edge" at a uniform price of \$1.00 per bushel. Write for particulars.			
<b>KILN DRIED CORN</b>			
We are completing a corn drying plant this Spring with a capacity of 1,000 bushels per ten hours. We expect this to be a very valuable addition to our equipment, and ex- pect to give our customers the benefit of this on all lots of corn where any question of moisture can be raised, but will ask 5c per bushel on all orders for Kiln Drying.
